Term I Week 5

What's happening this week?

This week in Kindy we will continue to look at the life cycle of butterflies. We were very excited as two of our butterflies emerged from their chrysalis' last week.

This week we will be focusing on the sounds and matching letters in our names. It is important at this stage of our learning to use sounds rather than names when we see letters. We will also be learning about different shapes and continuing to learn the days of the week.

We are learning to make the sign of the cross this week and even though we aren't using the words just yet we are associating the actions with the ways God is with us—in our minds, in our hearts and watching over our shoulders to keep us safe.

We are continuing to work on our straight lines from left to right as well as strengthening our core body muscles and balancing skills.

Important Information

No school on Thursday.

If you have any egg cartons or ice-cream containers, please continue to bring these in—thank you!

Reports were sent home on Thursday for SPOTS testing. There will be a parent information session at 9:15am on 9th March.
